

Ellingham C of E Primary School
Nursery Assessment Expectations
Mathematics: Measurement

| End of Term 1 Age | End of Term 2 | End of Term 3 |
|---|---|--|
| Measurement | | |
| I can build with and stack objects. | I can make long and short construction models and creative objects. | When building I know that to make something longer I need to add more units and to make it shorter I need to take some away. |
| I can identify big and small when talking about familiar objects. | I can use the words bigger, smaller, longer and shorter. | I can compare objects which are obviously different, and say which is bigger/longer/taller etc. |
| | I enjoy playing with water. | I can tell you when a container is full or empty. |
| | | I know that different activities happen on different days and can name some days of the week. |
