

Ellingham C of E Primary School
Year 5 Assessment Expectations
Mathematics: Statistics

End of Term 1	End of Term 2	End of Term 3
Statistics:		
I continue to interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs. I can use a greater range of scales in representations and suggest appropriate scales.	I can complete, read and interpret information in a wide range of charts and tables, including timetables.	I am beginning to decide which representations of data are most appropriate and why.
I am beginning to relate the graphical representation of data to recording change over time.	I am starting to connect work on coordinates and scales to their interpretation of time graphs.	I can connect work on coordinates and scales to their interpretation of time graphs, explaining their thinking.
Problem Solving:		
I confidently solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.	I solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and in a line graph.	I solve and pose more complex comparison, sum and difference problems using information presented in line graphs and a wide range of other diagrams.
