

Learning Journal 23.10.15

This week....we filled our pebble jar at last! The children chose to bring their own teddies to school and watch a movie! We even had some popcorn. We also made honey sandwiches on Wednesday with bread and honey from Northumberland as part of our topic about our local area. The wind was so strong on Thursday that we didn't go into the trees, but we used our maps to find our way across the fields and back, then boiled water in Mrs Swinbank's storm kettle for some hot juice. Jude brought us some marshmallows to toast!

Honey  
Sandwiches

Using our  
maps to find  
the way to the  
woodland  
workshop.

Collecting sticks for the storm kettle.

The steam told us the water in our storm kettle was boiling.

So we used it to make hot juice and put some more sticks on the fire.

Then we toasted our marshmallows. They were lovely. We had to blow them 10 times to make sure they were safe to eat.

Literacy and Phonics...this week we learnt e and l and have been practising lots of 3 letter words, using the sounds we know. Sometimes we build the words on our whiteboards and sometimes we write them in our writing books.

Help at Home.....try clapping and see if your child can tell you how many times you clapped, or use any other sounds or actions.

Mathematics.....this week we have been learning that you can count actions and sounds as well as objects. We have had lots of fun making sounds and counting them as well as clapping, jumping, hopping skipping etc.

Next Week.....have a lovely week off and enjoy your children. If they do anything exciting, please send them in with photos or souvenirs to tell us all about it.
