

Ellingham C of E Primary School
Year 4 Assessment Expectations
Mathematics: Statistics

End of Term 1	End of Term 2	End of Term 3
Statistics:		
I can interpret and present discrete data using a wide range of graphs and charts.	I can interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and begin to interpret time graphs I am beginning to use a greater range of scales in representations.	I can confidently interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs. I can use a greater range of scales in representations and start to suggest appropriate scales.
	I am beginning to relate the graphical representation of data to recording change over time.	I can explain how the graphical representation of data relates to recording change over time.
	I can pose questions that can be answered using information presented in different graphs charts and tables.	I can confidently pose and investigate questions that can be answered using information presented in different graphs charts and tables.
Problem Solving:		
I am beginning to solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.	I can solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.	I can confidently solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.
