

Safeguarding: Child Protection Policy

This policy was adopted by Governors at the meeting held on :	24 th October 2019
Signed (Chair of Governors):	Eileen Duncan
Governing Body minute ref:	12
Date of Review:	October 2020

Policy Consultation and Purpose

This policy is available on our school website and is available on request from the school office. We also inform parents and carers about this policy when their children join our school and through our school newsletter.

The policy is provided to all staff (including temporary staff and volunteers) at induction alongside our Staff Code of Conduct. In addition, all staff are provided with Part One of the statutory guidance 'Keeping Children Safe in Education', DfE (2019).

The school's safeguarding arrangements are inspected by Ofsted under the judgements for behaviour and safety, and leadership and management.

The purpose of Ellingham School's child protection policy is to ensure every child who is a registered pupil at our school is safe and protected from harm. This means we will always work to:

- Protect children and young people at our school from maltreatment;
- Prevent impairment of our children's and young people's health or development;
- Ensure that children and young people at our school grow up in circumstances consistent with the provision of safe and effective care;
- Undertake that role so as to enable children and young people at our school to have the best outcomes.

This policy applies to all pupils, staff, parents, governors, volunteers and visitors.

The Safeguarding Children Statement

The child's welfare is of paramount importance. All children, regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection. Our school will establish and maintain an ethos where pupils

feel secure, are encouraged to talk, are listened to and are safe. Children at our school will be able to talk freely to any member of staff at our school if they are worried or concerned about something.

Everyone who comes into contact with children and their families has a role to play in safeguarding children. We recognise that staff at our school play a particularly important role as they are in a position to identify concerns early and provide help for children to prevent concerns from escalating. **All staff are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned.**

All staff and regular visitors will, through training and induction, know how to recognise indicators of concern, how to respond to a disclosure from a child and how to record and report this information. We will not make promises to any child and we will not keep secrets. Every child will know what the adult will have to do with any information they have chosen to disclose.

At all times we will work in partnership and endeavour to establish effective working relationships with parents, carers and colleagues from other agencies in line with Working Together to Safeguard Children (2018).

Policy Aims

- To provide all staff with the necessary information to enable them to meet their child protection responsibilities;
- To ensure consistent good practice;
- To demonstrate the school's commitment with regard to child protection to pupils, parents and other partners;
- To contribute to the school's safeguarding portfolio.

Definitions

The terms "children" and "child" refer to anyone under the age of 18.

For the purposes of this policy, "safeguarding and protecting the welfare of children" is defined as:

- Protecting pupils from maltreatment.
- Preventing the impairment of pupils' health or development.
- Ensuring that pupils grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all pupils to have the best outcomes.

For the purposes of this policy, the term "**harmful sexual behaviour**" includes, but is not limited to, the following actions:

- Using sexually explicit words and phrases
- Inappropriate touching
- Sexual violence or threats
- Full penetrative sex with other children or adults

In accordance with the DfE's guidance, 'Sexual violence and sexual harassment between children in schools and colleges' (2018), and for the purposes of this policy, the term **"sexual harassment"** is used within this policy to describe any unwanted conduct of a sexual nature, both online or offline, which violates a child's dignity and makes them feel intimidated, degraded or humiliated, and can create a hostile, sexualised or offensive environment.

For the purpose of this policy, the term **"sexual violence"** encompasses the definitions provided in the Sexual Offences Act 2003, including those pertaining to rape, assault by penetration and sexual assault.

For the purposes of this policy, **"upskirting"** refers to the act of taking a picture or video under another person's clothing, without their knowledge or consent, with the intention of viewing that person's genitals or buttocks (with or without clothing). Despite the name, anyone (including both pupils and teachers), and any gender, can be a victim of upskirting.

The term **"teaching role"** is defined as planning and preparing lessons and courses for pupils; delivering lessons to pupils; assessing the development, progress and attainment of pupils; and reporting on the development, progress and attainment of pupils. These activities are not teaching work if the person carrying out the activity does so (other than for the purposes of induction) subject to the direction and supervision of a qualified teacher or other person nominated by the headteacher to provide such direction and supervision.

Safeguarding Legislation and Guidance

This policy has been created with due regard to all relevant legislation including, but not limited to, the following:

Legislation

Children Act 1989

Children Act 2004

Safeguarding Vulnerable Groups Act 2006

The Education (School Teachers' Appraisal) (England) Regulations 2012 (as amended)

Sexual Offences Act 2003

The General Data Protection Regulation (GDPR)

Data Protection Act 2018

The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018

Voyeurism (Offences) Act 2019

Statutory Guidance

HM Government (2013) 'Multi-agency practice guidelines: Handling cases of Forced Marriage'

DfE (2018) 'Working Together to Safeguard Children'

DfE (2015) 'The Prevent duty'

[Updated] DfE (2019) 'Keeping children safe in education'

DfE (2018) 'Disqualification under the Childcare Act 2006'

Non-statutory guidance

DfE (2015) 'What to do if you're worried a child is being abused'

DfE (2018) 'Information sharing'

DfE (2017) 'Child sexual exploitation'

DfE (2018) 'Sexual violence and sexual harassment between children in schools and colleges'

Due to their day-to-day contact with pupils, school staff are uniquely placed to observe changes in children's behaviour and the outward signs of abuse. Children may also turn to a trusted adult in school when they are in distress or at risk. It is vital that all school staff are alert to the signs of abuse and understand the procedures for reporting their concerns. The school will always act on identified concerns

ROLES AND RESPONSIBILITIES

Role	Name	Last Trained	Contact details
Designated Safeguarding Lead	Diane Lakey	Nov 2017	01665 589233 admin@ellingham.northumberland.sch.uk
Deputy DSL	Sarah Stapleton	March 2018	01665 589233
Headteacher	Diane Lakey	As above	01665 589233
Named Safeguarding Governor	Andrea Thomas		01665 589233 admin@ellingham.northumberland.sch.uk
E-Safety Co-ordinator	Diane Lakey	Oct 2018	01665 589233
Chair of Governors	Eileen Duncan		01665 589293 eduncan@talktalk.net

It is the responsibility of every member of staff, volunteer and regular visitor to our school to ensure that they carry out the requirements of this policy and, at all times, work in a way that will safeguard and promote the welfare of all of

the pupils at this school. This includes the responsibility to provide a safe environment in which children can learn.

The Governing Body

The Governing Body is accountable for ensuring the effectiveness of this policy and our compliance with it. Although our Governing Body takes collective responsibility to safeguard and promote the welfare of our pupils, we also have a named governor who champions safeguarding within the school.

The Governing Body will ensure that:

- The Child Protection policy is in place and is reviewed at least annually, is available publicly via our school website and has been written in line with Local Authority guidance and the requirements of the ~~Northumberland Safeguarding Children Board~~ policies and procedures;

1.1 The school contributes to inter-agency working in line with 'Working Together' (2018); The school is aware of and will follow the local safeguarding arrangements.

- The school will work with CSCS, the police, health services and other services to protect the welfare of its pupils, through the early help process and by contributing to inter-agency plans to provide additional support.
- Where a need for early help is identified, the school will allow access for CSCS from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment.
- The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.
- Considering that staff members are aware that whilst the GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes - data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.
- Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils.

- If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSL.
- The school also recognises the particular importance of inter-agency working in identifying and preventing child sexual exploitation (CSE).
- The school follows the guidance in 'Keeping Children Safe in Education' 2019 and the 'Counter Terrorism and Security Act' 2015.
- A member of the senior leadership team is designated to take the lead responsibility for safeguarding and child protection and that there is an alternate and appropriately trained member of staff identified to deal with any issues in the absence of the Designated Safeguarding Lead. There will always be cover for this role;
- All staff receive a safeguarding induction and are provided with a copy of this policy and the staff code of conduct;
- All staff undertake appropriate child protection training that is updated regularly;
- Procedures are in place for dealing with allegations against members of staff and volunteers in line with statutory guidance;
- Safer recruitment practices are followed in accordance with the requirements of 'Keeping Children Safe in Education' DfE (2019);
- If the governing body provides extended school facilities or before or after school activities directly under the supervision or management of school staff, the school's arrangements for child protection as written in this policy shall apply;
- Where services or activities are provided separately by another body the governing body will seek assurance that the body concerned has appropriate policies and procedures in place for safeguarding children and child protection and there are arrangements to liaise with the school on these matters where appropriate'
- If another organisation uses the school premises as part of a letting arrangement, then the school will require copies of that organisation's child protection procedures before the letting commences;
- They remedy without delay any weakness in regard to our safeguarding arrangements that are brought to their attention.

The governing body will receive a safeguarding report at each meeting that will record the training that has taken place, the number of staff attending and any outstanding training requirements for the school. It will also record all safeguarding activity that has taken place, for example, meetings attended, reports written, training or induction given. It will not identify individual pupils.

An annual audit will be submitted, as required, to the local authority, including an action plan. Any weaknesses will be rectified without delay.

The Headteacher

The Headteacher is responsible for:

- Identifying a member of the senior leadership team to be the Designated Safeguarding Lead (DSL);
- Identifying an alternate member of staff to act as the Deputy Designated Safeguarding Lead (DSL) in his/her absence to ensure there is always cover for the role;
- Ensuring that the policies and procedures adopted by the governing body, particularly concerning referrals of cases of suspected abuse and neglect, are followed by all staff;
- Ensuring that all staff and volunteers feel able to raise concerns about poor or unsafe practice and such concerns are addressed sensitively in accordance with agreed whistle-blowing procedures;
- Liaise with the DO in the event of an allegation of abuse being made against a member of staff.
- Ensures that anyone who has harmed or may pose a risk to a child is referred to the Disclosure and Barring Service.

The Designated Safeguarding Lead

The Designated Safeguarding Lead (DSL) will carry out their role in accordance with the responsibilities outlined in Annex B of *'Keeping Children Safe in Education'*.

The DSL will provide advice and support to other staff on child welfare and child protection matters. Any concern for a child's safety or welfare will be recorded in writing and given to the DSL. The DSL will receive face-to-face refresher training at two-yearly intervals and access an annual update in line with the Local Safeguarding Board requirements.

The DSL:

- is alert to the specific needs of children in need, those with special educational needs and young carers;
- understands and keeps up-to-date with local safeguarding arrangements;

- acts as the main point of contact with the three safeguarding partners;
- has an understanding of locally agreed processes for providing early help and intervention;
<http://www.northumberland.gov.uk/Children/Family/Support.aspx#earlyhelpassessmentforms>
- notifies children's social care if a child with a child protection plan has unexplained absences;
- ensures that when a pupil leaves the school, their child protection file is passed to the new school (separately from the main pupil file and ensuring secure transit) and confirmation of receipt is obtained. The pupil's social worker is also informed;
- ensures parents are aware of the school's role in safeguarding and that referrals about suspected abuse and neglect may be made.

The DSL will represent our school at child protection conferences and core group meetings. Through appropriate training, knowledge and experience our DSL will liaise with Children's Services and other agencies where necessary, and make referrals of suspected abuse to Children's Services, take part in strategy discussions and other interagency meetings and contribute to the assessment of children.

The DSL will maintain written records and child protection files ensuring that they are kept confidential and stored securely, but kept separate from, the pupil's general file

The DSL is responsible for ensuring that all staff members and volunteers are aware of our policy and the procedure they need to follow. They will ensure that all staff, volunteers and regular visitors have received appropriate child protection information during induction and have been trained within the school to the agreed guidance provided by NSCB.

The Deputy Designated Safeguarding Lead

Is appropriately trained and, in the absence of the designated person, carries out those functions necessary to ensure the ongoing safety and protection of pupils. In the event of the long-term absence of the designated person, the deputy will assume all of the functions above.

Good practice guidelines and staff code of conduct

To meet and maintain our responsibilities towards pupils we need to agree standards of good practice which form a code of conduct for all staff. Good practice includes:

- treating all pupils with respect;
- setting a good example by conducting ourselves appropriately;
- involving pupils in decisions that affect them;
- encouraging positive, respectful and safe behaviour among pupils;
- being a good listener;
- being alert to changes in pupils' behaviour and to signs of abuse, neglect and exploitation;
- recognising that challenging behaviour may be an indicator of abuse;
- reading and understanding the school's child protection policy, staff behaviour policy and guidance documents on wider safeguarding issues, for example bullying, behaviour, physical contact, sexual exploitation, extremism, e-safety and information-sharing;
- asking the pupil's permission before initiating physical contact, such as assisting with dressing, physical support during PE or administering first aid;
- maintaining appropriate standards of conversation and interaction with and between pupils and avoiding the use of sexualised or derogatory language;
- being aware that the personal and family circumstances and lifestyles of some pupils lead to an increased risk of abuse;
- applying the use of reasonable force only as a last resort and in compliance with school and NSCB procedures;
- referring all concerns about a pupil's safety and welfare to the DSL, or, if necessary directly to police or children's social care;
- following the school's rules with regard to relationships with pupils and communication with pupils, including on social media.

Abuse of position of trust

All school staff are aware that inappropriate behaviour towards pupils is unacceptable and that their conduct towards pupils must be beyond reproach.

In addition, staff should understand that, under the Sexual Offences Act 2003, it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where that person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of the school staff and a pupil under 18 may be a criminal offence, even if that pupil is over the age of consent.

The school's Staff Code of Conduct sets out our expectations of staff and is available to all staff members.

Support for those involved in a child protection issue

Child abuse is devastating for the child and can also result in distress and anxiety for staff who become involved.

We will support pupils, their families, and staff by:

- taking all suspicions and disclosures seriously
- responding sympathetically to any request from pupils or staff for time out to deal with distress or anxiety
- maintaining confidentiality and sharing information on a need-to-know basis only with relevant individuals and agencies
- storing records securely
- offering details of helplines, counselling or other avenues of external support
- where a member of staff is the subject of an allegation made by a pupil, ensure that lines of communication are maintained
- following the procedures laid down in our child protection, whistleblowing, complaints and disciplinary procedures
- cooperating fully with relevant statutory agencies.

Complaints procedure

Our complaints procedure will be followed where a pupil or parent raises a concern about poor practice towards a pupil that initially does not reach the threshold for child protection action. Complaints are managed by senior staff, the head teacher and governors. An explanation of the complaints procedure is available in the School Office.

Complaints from staff are dealt with under the school's complaints and disciplinary and grievance procedures.

Complaints which escalate into a child protection concern will automatically be managed under the school's child protection procedures.

Whistle blowing if you have concerns about a colleague

Staff who are concerned about the conduct of a colleague towards a pupil are undoubtedly placed in a very difficult situation. They may worry that they have misunderstood the situation and they will wonder whether a report could jeopardise their colleague's career. All staff must remember that the welfare of the child is paramount. The school's whistleblowing code, available in the School Office, enables staff to raise concerns or allegations, initially in confidence and for a sensitive enquiry to take place.

All concerns of poor practice or possible child abuse by colleagues should be reported to the head teacher. Complaints about the head teacher should be reported to the chair of governors.

Staff may also report their concerns directly to children's social care or the police if they believe direct reporting is necessary to secure action.

Allegations against staff

When an allegation is made against a member of staff, set procedures must be followed. It is rare for a child to make an entirely false or malicious allegation, although misunderstandings and misinterpretations of events do happen.

A child may also make an allegation against an innocent party because they are too afraid to name the real perpetrator. Even so, we must accept that some professionals do pose a serious risk to pupils and we must act on every allegation.

Staff who are the subject of an allegation have the right to have their case dealt with fairly, quickly and consistently and to be kept informed of its progress. Suspension is not the default option and alternatives to suspension will always be considered. In some cases, staff may be suspended where this is deemed to be the best way to ensure that children are protected. In the event of suspension the school will provide support and a named contact for the member of staff.

The full procedures for dealing with allegations against staff can be found in *Keeping Children Safe in Education (DfE 2018)*.

Staff, parents and governors are reminded that publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law. Publication includes verbal conversations or writing, including content placed on social media sites.

Allegations concerning staff who no longer work at the school, or historical allegations will be reported to the police.

Staff training

It is important that all staff receive training to enable them to recognise the possible signs of abuse, neglect and exploitation and to know what to do if they have a concern.

New staff and governors will receive a briefing during their induction, which includes the school's child protection policy and staff behaviour policy, reporting and recording arrangements, and details for the DSL. All staff, including the head teacher (unless the head teacher is the DSL) and governors will receive training that is regularly updated and the DSL will receive training updated at least every two years, including training in inter-agency procedures.

Supply staff and other visiting staff will be given the school's Visiting Staff Leaflet, which will be made available to them on their arrival.

Safer recruitment

Our school endeavours to ensure that we do our utmost to employ safe staff by following the guidance in *Keeping Children Safe in Education (2018)* and the school's Staff Recruitment procedures (available from the Office.)

At least one member of each recruitment panel will have attended safer recruitment training.

All new members of staff will undergo an induction that includes familiarisation with the school's child protection policy and staff behaviour policy and identification of their child protection training needs.

All staff sign to confirm they have received a copy of the child protection policy and staff code of conduct, and have read Keeping Children Safe in Education (Part 1).

The school obtains written confirmation from supply agencies or third party organisations that agency staff or other individuals who may work in the school have been appropriately checked.

Trainee teachers will be checked either by the school or by the training provider, from whom written confirmation will be obtained.

The school maintains a single central record of recruitment checks undertaken.

Regulated Activity

Schools are 'specified places' which means that the majority of staff and volunteers will be engaged in regulated activity. A fuller explanation of regulated activity can be found in Keeping Children Safe in Education (2018) part three.

Volunteers

Volunteers, including governors will undergo checks commensurate with their work in the school and contact with pupils. Under no circumstances will a volunteer who has not been appropriately checked be left unsupervised or be allowed to engage in regulated activity.

Associate Members of the governing body will not be required to obtain enhanced DBS checks.

Supervised volunteers

Volunteers who work only in a supervised capacity and are not in regulated activity will undergo the safe recruitment checks appropriate to their role, in accordance with the school's risk assessment process and statutory guidance.

Contractors

The school checks the identity of all contractors working on site and requests DBS checks and barred list checks where required by statutory guidance. Contractors who have not undergone checks will not be allowed to work unsupervised or engage in regulated activity.

Site security

Visitors to the school, including contractors, are asked to sign in and are given a badge, which confirms they have permission to be on site. Parents who are simply delivering or collecting their children do not need to sign in. All visitors are expected to observe the school's safeguarding and health and safety regulations to ensure children in school are kept safe. The head teacher will exercise professional judgement in determining whether any visitor should be escorted or supervised while on site.

Extended school and off-site arrangements

All extended and off site activities are subject to a risk assessment to satisfy health and safety and safeguarding requirements. Where extended school activities are provided by and managed by the school, our own child protection policy and procedures apply. If other organisations provide services or activities on our site we will check that they have appropriate procedures in place, including safer recruitment procedures.

When our pupils attend off-site activities, including day and residential visits and work related activities, we will check that effective child protection arrangements are in place.

Photography and images

The vast majority of people who take or view photographs or videos of children do so for entirely innocent and legitimate reasons. Sadly, some people abuse children through taking or distributing images, so we must ensure that we have some safeguards in place.

To protect pupils we will:

- seek parental consent for photographs to be taken or published (for example, on our website or in newspapers or publications)
- use only the pupil's first name with an image
- ensure pupils are appropriately dressed
- encourage pupils to tell us if they are worried about any photographs that are taken of them.

Upskirting

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment and to record an image beneath a person's clothing without consent and with the intention of observing, or enabling another person to observe, the victim's genitals or buttocks (whether exposed or covered with underwear), in circumstances where their genitals, buttocks or underwear would not otherwise be visible, for a specified purpose.

A "specified purpose" is namely:

- Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim's genitals, buttocks or underwear).

- To humiliate, distress or alarm the victim.

"Operating equipment" includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion activated camera.

Upskirting will not be tolerated by the school. Any incidents of upskirting will be reported to the DSL who will then decide on the next steps to take, which may include police involvement.

Online Safety

Our pupils increasingly use electronic equipment on a daily basis to access the internet.

Unfortunately, some adults and young people will use these technologies to harm children. The harm might range from sending hurtful or abusive texts and emails, to grooming and enticing children to engage in sexually harmful conversations, webcam photography or face-to-face meetings.

Pupils may also be distressed or harmed by accessing inappropriate websites that promote unhealthy lifestyles, extremist behaviour and criminal activity.

The school's e-safety policy, available at on the website or School Office, explains how we try to keep pupils safe in school and protect and educate pupils in the safe use of technology. Cyberbullying and sexting by pupils will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures. Serious incidents may be managed in line with our child protection procedures.

Acceptable use policies are available on the school website or from the Office. all pupils and ~~all~~ staff sign acceptance of these and they kept in the Office.

All staff receive e-safety training twice a year and the school's e-safety coordinator is Diane Lakey.

Staff/pupil relationships

The school provides advice to staff regarding their personal online activity and has strict rules regarding online contact and electronic communication with pupils. Staff found to be in breach of these rules may be subject to disciplinary action or child protection investigation. Guidance is contained within the Staff Acceptable Use policy and agreement is signed for.

Child Protection Procedures:

Recognising abuse

To ensure that our pupils are protected from harm, we need to understand what types of behaviour constitute abuse and neglect.

Abuse may be committed by adult men or women and by other children and young people.

Details of the definitions of the 4 types of abuse are included as Appendix 1

Other key areas where staff may need to take additional advice or action are described below:

Bullying

While bullying between children is not a separate category of abuse and neglect, it is a very serious issue that can cause considerable anxiety and distress. At its most serious level, bullying can have a disastrous effect on a child's wellbeing and in very rare cases has been a feature in the suicide of some young people.

All incidences of bullying, including cyber-bullying and prejudice-based bullying should be reported and will be managed through our tackling-bullying procedures. All pupils and parents are directed to the Behaviour Policy on joining the school and the subject of bullying is addressed at regular intervals in PSHE education. If the bullying is particularly serious, or the tackling bullying procedures are deemed to be ineffective, the head teacher and the DSL will consider implementing child protection procedures.

Looked after children

The most common reason for children becoming looked after is as a result of abuse or neglect. The school ensures that staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after legal status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child. The designated teacher for looked after children and the DSL have details of the child's social worker and the name and contact details of the local authority's virtual head for children in care.

Children with sexually harmful behaviour

Children may be harmed by other children or young people. Staff will be aware of the harm caused by bullying and will use the school's anti-bullying procedures where necessary. However, there will be occasions when a pupil's behaviour warrants a response under child protection rather than anti-bullying procedures.

The management of children and young people with sexually harmful behaviour is complex and the school will work with other relevant agencies to maintain the safety of the whole school community. Young people who display such behaviour may be victims of abuse themselves and the child protection procedures will be followed for both victim and perpetrator. Staff who become concerned about a pupil's sexual behaviour, including any known online sexual behaviour, should speak to the DSL as soon as possible.

Sexual exploitation of children

Sexual exploitation involves an individual or group of adults taking advantage of the vulnerability of an individual or groups of children or young people, and victims can be boys or girls. Children and young people are often unwittingly drawn into sexual exploitation through the offer of friendship and care, gifts, drugs and alcohol, and sometimes accommodation. Sexual exploitation is a serious crime and can have a long-lasting adverse impact on a child's physical and emotional health. It may also be linked to child trafficking.

The school includes the risks of sexual exploitation in the PSHE and Relationship and Sex Education curriculum. A common feature of sexual exploitation is that the child often doesn't recognise the coercive nature of the relationship and doesn't see themselves as a victim. The child may initially resent what they perceive as interference by staff, but staff must act on their concerns, as they would for any other type of abuse.

All staff are made aware of the indicators of sexual exploitation and all concerns are reported immediately to the DSL.

http://northumberlandlscb.proceduresonline.com/chapters/p_safeguarding_ex.html

Female Genital Mutilation

In England, Wales and Northern Ireland, the practice is illegal under the Female Genital Mutilation Act 2003. Any person found guilty of an offence under the Female Genital Mutilation Act 2003 is liable to a maximum penalty of 14 years imprisonment or a fine, or both.

See Appendix A for further details

http://northumberlandlscb.proceduresonline.com/chapters/p_fem_gen_mut.html

Forced Marriage

A forced marriage is a marriage in which a female (and sometimes a male) does not consent to the marriage but is coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.

Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014.

See Appendix A for further details

http://northumberlandlscb.proceduresonline.com/chapters/p_force_marr.html

Radicalisation and Extremism

The government defines extremism as vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs.

Some children are at risk of being radicalised: adopting beliefs and engaging in activities which are harmful, criminal or dangerous. Nationally, Islamic extremism is the most widely publicised form, however, schools should also

remain alert to the risk of radicalisation into white supremacy and extreme right wing factions.

School staff receive training to help to identify signs of extremism.

Opportunities are provided in the curriculum to enable pupils to discuss issues of religion, ethnicity and culture and the school follows the DfE advice Promoting fundamental British Values as part of SMCS (spiritual, moral, social and cultural education) in Schools (2014).

See Appendix A for further details

http://northumberlandlscb.proceduresonline.com/chapters/p_safeg_viol.html

Private fostering arrangements

A private fostering arrangement occurs when someone other than a parent or a close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16, or aged under 18 if the child is disabled. Children looked after by the local authority or who are placed in a residential school, children's home or hospital are not considered to be privately fostered.

Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age.

By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify children's services as soon as possible.

Where a member of staff becomes aware that a pupil may be in a private fostering arrangement they will raise this with the DSL and the school should notify the local authority of the circumstances.

http://northumberlandlscb.proceduresonline.com/chapters/p_childrn_away.html

Peer on Peer Abuse

Staff should be aware that safeguarding issues can manifest themselves as *peer on peer abuse*. This is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence/sexual assaults and sexting.

Abuse is abuse and should never be tolerated or passed off as 'banter' or part of growing up. At our school we believe that all children have the right to attend school and learn in a safe environment. Children should be free from harm from adults and other children. We recognise that some pupils will negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the schools behaviour policy.

Occasionally, allegations may be made against pupils by others in the school which are of a safeguarding nature.

This could include physical abuse, emotional abuse, sexual abuse and sexual exploitation. It is likely that to be considered a safeguarding allegation, some of the following features will be found -

- the allegation is made against an older pupil and refers to their behaviour towards a younger or more vulnerable pupil

- is of a serious nature, possibly including a criminal offence
- raises risk factors for other pupils in school
- indicates that other pupils may have been affected by this student
- indicates that young people outside the school may have been affected by this behaviour

To support young people in this situation we will follow our usual safeguarding procedures ensuring all information is recorded and reported to the DSL, with particular reference being made to NSCB guidance on abuse by children and young people.

http://northumberlandlscb.proceduresonline.com/chapters/p_abuse_child_yp.html

In cases of 'sexting,' we will follow guidance given to schools and colleges by the UK Council for Child Internet Safety (UKCIS) published in August 2016: 'Sexting in Schools and Colleges, responding to incidents and safeguarding young people.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/551575/6.2439_KG_NCA_Sexting_in_Schools_WEB_1_.PDF

County Lines Criminal Activity

For the purpose of this policy, "County lines criminal activity" refers to drug networks or gangs grooming and exploiting children to carry drugs and money from urban areas to suburban areas, rural areas and market and seaside towns. Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs.

Staff members who suspect a pupil may be vulnerable to, or involved in, this activity will immediately report all concerns to the DSL. The DSL will consider referral to the National Referral Mechanism on a case-by-case basis.

Indicators that a pupil may be involved in county lines active include the following:

- Persistently going missing or being found out of their usual area
- Unexplained acquisition of money, clothes or mobile phones
- Excessive receipt of texts or phone calls
- Relationships with controlling or older individuals or groups
- Leaving home without explanation
- Evidence of physical injury or assault that cannot be explained
- Carrying weapons
- Sudden decline in school results
- Becoming isolated from peers or social networks
- Self-harm or significant changes in mental state
- Parental reports of concern

Serious Violence

Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to, the following:

- Increased absence from school
- A change in friendships
- New relationships with older individuals or groups
- A significant decline in academic performance
- Signs of self-harm
- A significant change in wellbeing
- Signs of assault
- Unexplained injuries
- Unexplained gifts or new possessions

Staff will be made aware of some of the most significant risk factors that could increase a pupil's vulnerability to becoming involved in serious violent crime. These risk factors include, but are not limited to, the following:

- A history of committing offences
- Substance abuse
- Anti-social behaviour
- Truancy
- Peers involved in crime and/or anti-social behaviour

Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.

Impact of abuse

The impact of child abuse, neglect and exploitation should not be underestimated. Many children do recover well and go on to lead healthy, happy and productive lives, although most adult survivors agree that the emotional scars remain, however well buried. For some children, full recovery is beyond their reach, and the rest of their childhood and their adulthood may be characterised by anxiety or depression, self-harm, eating disorders, alcohol and substance misuse, unequal and destructive relationships and long-term medical or psychiatric difficulties.

Taking action

Any child, in any family in any school could become a victim of abuse. Staff should always maintain an attitude of "it could happen here".

Key points for staff to remember for taking action are:

- in an emergency take the action necessary to help the child, if necessary call 999
- report your concern as soon as possible to the DSL, definitely by the end of the day
- do not start your own investigation
- share information on a need-to-know basis only - do not discuss the issue with colleagues, friends or family
- complete a 'Concerns Reporting' form
- seek support for yourself if you are distressed.

If you are concerned about a pupil's welfare

There will be occasions when staff may suspect that a pupil may be at risk, but have no 'real' evidence. The pupil's behaviour may have changed or their patterns of attendance may have altered. In these circumstances, staff will try to give the pupil the opportunity to talk. The signs they have noticed may be due to a variety of factors, for example, a parent has moved out, a pet has died, a grandparent is very ill or an accident has occurred. It is fine for staff to ask the pupil if they are OK or if they can help in any way.

Staff should use the **concern form** to record these early concerns. If the pupil does begin to reveal that they are being harmed, staff should follow the advice below. Following an initial conversation with the pupil, if the member of staff remains concerned, they should discuss their concerns with the DSL.

Concerns which do not meet the threshold for child protection intervention will be managed through the Early Help process

<http://www.northumberland.gov.uk/Children/Family/Support.aspx#earlyhelpassessmentforms>

If a pupil discloses to you

It takes a lot of courage for a child to disclose that they are being abused. They may feel ashamed, particularly if the abuse is sexual; their abuser may have threatened what will happen if they tell; they may have lost all trust in adults; or they may believe, or have been told, that the abuse is their own fault.

Sometimes they may not be aware that what is happening is abusive.

If a pupil talks to a member of staff about any risks to their safety or wellbeing, **the staff member will need to let the pupil know that they must pass the information on** - staff are not allowed to keep secrets. The point at which they tell the pupil this is a matter for professional judgement. If they jump in immediately the pupil may think that they do not want to listen, if left until the very end of the conversation, the pupil may feel that they have been misled into revealing more than they would have otherwise.

During their conversations with the pupils staff will:

- allow them to speak freely
- remain calm and not overreact - the pupil may stop talking if they feel they are upsetting their listener
- give reassuring nods or words of comfort - 'I'm so sorry this has happened', 'I want to help', 'This isn't your fault', 'You are doing the right thing in talking to me'
- not be afraid of silences - staff must remember how hard this must be for the pupil

- **under no circumstances** ask investigative questions – such as how many times this has happened, whether it happens to siblings too, or what does the pupil's mother think about all this
- at an appropriate time tell the pupil that in order to help them, the member of staff must pass the information on and explain to whom and why
- not automatically offer any physical touch as comfort. It may be anything but comforting to a child who has been abused
- avoid admonishing the child for not disclosing earlier. Saying things such as 'I do wish you had told me about this when it started' or 'I can't believe what I'm hearing' may be the staff member's way of being supportive but may be interpreted by the child to mean that they have done something wrong
- tell the pupil what will happen next. The pupil may agree to go to see the designated senior person. Otherwise let them know that someone will come to see them before the end of the day.
- report verbally to the DSL even if the child has promised to do it by themselves
- write up their conversation as soon as possible on the **record of concern form** and hand it to the designated person
- seek support if they feel distressed.

Notifying parents

The school will normally seek to discuss any concerns about a pupil with their parents. This must be handled sensitively and the DSL will make contact with the parent in the event of a concern, suspicion or disclosure.

However, if the school believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from children's social care.

Referral to children's social care

- **The DSL will make a referral to children's social care** if it is believed that a pupil is suffering or is at risk of suffering significant harm.
- The pupil (subject to their age and understanding) and the parents will be told that a referral is being made, unless to do so would increase the risk to the child.
- Any member of staff may make a direct referral to children's social care if they genuinely believe independent action is necessary to protect a child.
- The DSL should keep relevant staff informed about actions taken, they do not need to share all information but staff must be confident there concerns have been actioned

Confidentiality and sharing information

All staff will understand that child protection issues warrant a high level of confidentiality, not only out of respect for the pupil and staff involved but also to ensure that information being released into the public domain does not compromise evidence.

Staff should only discuss concerns with the designated senior person, head teacher or chair of governors (depending on who is the subject of the concern). That person will then decide who else needs to have the information and they will disseminate it on a 'need-to-know' basis.

However, following a number of cases where senior leaders in school had failed to act upon concerns raised by staff, *Keeping Children Safe in Education (2016)* emphasises that **any** member of staff can contact children's social care if they are concerned about a child.

Child protection information will be stored and handled in line with the –General Data Protection Regulation (GDPR 2018)

Information sharing is guided by the following principles. The information is:

- necessary and proportionate
- relevant
- adequate
- accurate
- timely
- secure

Information sharing decisions will be recorded, whether or not the decision is taken to share.

Record of concern forms and other written information will be stored in a locked facility and any electronic information will be password protected and only made available to relevant individuals.

Every effort will be made to prevent unauthorised access, and sensitive information should not routinely be stored on laptop computers, which, by the nature of their portability, could be lost or stolen. Any laptops leaving the school premises must be encrypted. Child protection information will be stored separately from the pupil's school file and the school file will be 'tagged' to indicate that separate information is held.

The DSL will normally obtain consent from the pupil and/or parents to share sensitive information within the school or with outside agencies. Where there is good reason to do so, the DSL may share information *without* consent, and will record the reason for not obtaining consent.

Child protection records are normally exempt from the disclosure provisions of the Data Protection Act, which means that children and parents do not have an automatic right to see them. If any member of staff receives a request from a pupil or parent to see child protection records, they will refer the request to the head teacher or DSL.

The general General Data Protection Regulation (GDPR) does not prevent school staff from sharing information with relevant agencies, where that information may help to protect a child.

The school's GDPR Policy and Privacy Notices are available on the school website.

Working with Parents and Carers

Our School is committed to working in partnership with parents/carers to safeguard and promote the welfare of children and to support them to understand our statutory responsibilities in this area.

When new pupils join our school, parents and carers will be informed that we have a Child Protection and associated safeguarding policies. A copy will be provided to parents on request and is available on the school website. Parents and carers will be informed of our legal duty to assist our colleagues in other agencies with child protection enquiries and what happens should we have cause to make a referral to Children's Services.

We are committed to working with parents positively, openly and honestly. We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to safeguard a child from harm.

We will seek to share with parents any concerns we may have about their child *unless* to do so may place a child at increased risk of harm. A lack of parental engagement or agreement regarding the concerns the school has about a child will not prevent the DSL making a referral to Children's Services in those circumstances where it is appropriate to do so.

In order to keep children safe and provide appropriate care for them, the school requires parents to provide accurate and up to date information regarding:

- Full names and contact details of all adults with whom the child normally lives;
- Full names and contact details of all persons with parental responsibility (if different from above);
- Emergency contact details (if different from above);
- Full details of any other adult authorised by the parent to collect the child from school (if different from the above).

The School will retain this information on the pupil file. The school will only share information about pupils with adults who have parental responsibility for a

pupil or where a parent has given permission and the school has been supplied with the adult's full details in writing.

Child Protection Conferences

Children's Services will convene a Child Protection conference once a child protection enquiry under Section 47 of the Children Act 1989 has been undertaken and the child is judged to be at continuing risk of significant harm. A review conference will take place once a child has been made the subject of a Child Protection Plan in order to monitor the safety of the child and the required reduction in risk.

Staff members may be asked to attend a child protection conference or core group meetings on behalf of the school in respect of individual children. Usually the person representing the school at these meetings will be the Headteacher, who is the DSL. In any event, the person attending will need to have as much relevant up to date information about the child as possible; any member of staff may be required to contribute to this process.

All reports for child protection conferences will be prepared in advance using the guidance and education report template provided by Children's Services. The information contained in the report will be shared with parents before the conference as appropriate and will include information relating to the child's physical, emotional and intellectual development and the child's presentation at school. In order to complete such reports, all relevant information will be sought from staff working with the child in school.

Clearly child protection conferences can be upsetting for parents. We recognise that we are likely to have more contact with parents than other professionals involved. We will work in an open and honest way with any parent whose child has been referred to Children's Services or whose child is subject to a child protection plan. Our responsibility is to promote the protection and welfare of all children and our aim is to achieve this in partnership with our parents.

Safer Working Practice

All adults who come into contact with our children have a duty of care to safeguard and promote their welfare. There is a legal duty placed upon us to ensure that all adults who work with or on behalf of our children are competent, confident and safe to do so.

All staff will be provided with a copy of our school's code of conduct at induction. They will be expected to know our school's Code of Conduct and policy for positive handling and carry out their duties in accordance with this advice. There will be occasion when some form of physical contact is inevitable, for example if a child has an accident or is hurt or is in a situation of danger to themselves or others around them. However, at all times the agreed policy for

safe restraint must be adhered to. A list of staff that have accessed safe handling training will be kept by the Headteacher.

If staff, visitors, volunteers or parent helpers are working with children alone they will, wherever possible, be visible to other members of staff. They will be expected to inform another member of staff of their whereabouts in school, who they are with and for how long. Doors should be left open.

Guidance about acceptable conduct and safe practice will be given to all staff and volunteers during induction. These are sensible steps that every adult should take in their daily professional conduct with children. This advice can be found in 'Guidance for Safer Working Practices for Adults who work with Children and Young People in Education Settings', DCSF, March 2009. All staff and volunteers are expected to carry out their work in accordance with this guidance and will be made aware that failure to do so could lead to disciplinary action.

Children who may be particularly vulnerable

Some children may have an increased risk of abuse. It is important to understand that this increase in risk is due more to societal attitudes and assumptions or child protection procedures that fail to acknowledge children's diverse circumstances, rather than the individual child's personality, impairment or circumstances. Many factors can contribute to an increase in risk, including prejudice and discrimination, isolation, social exclusion, communication issues and a reluctance on the part of some adults to accept that abuse can occur.

To ensure that all of our pupils receive equal protection, we will give special consideration to children who are:

- looked after
- disabled or have special educational needs
- young carers
- affected by parental substance misuse, domestic violence or parental mental health needs
- asylum seekers
- living away from home
- vulnerable to being bullied, or engaging in bullying
- living in temporary accommodation
- live transient lifestyles
- living in chaotic and unsupportive home situations
- vulnerable to discrimination and maltreatment on the grounds of race, ethnicity, religion, disability or sexuality
- at risk of sexual exploitation
- do not have English as a first language
- at risk of female genital mutilation (FGM)
- at risk of forced marriage

- at risk of being drawn into extremism.

This list provides examples of additionally vulnerable groups and is not exhaustive.

Children Missing Education

A child who is **missing out** on education is one who is not in school during the normal school day for all or part of the week. These children are either missing out on, or at risk of missing out on, their entitlement to full time education (which is defined as 25 hours per week for 39 weeks per year).

From September 2019, the multi-agency tracking panel will convene every month to ensure that these children are identified and appropriately safeguarded, and that we can track and then re-engage them in education.

Schools, alternative providers and other agencies have a responsibility to inform the local authority via a monthly CME return of any children either missing or at risk of missing out on education.

A monthly CME return form should be completed and submitted to educationwelfare@northumberland.gov.uk no later than **30th** of every month. Each child that meets the criteria needs to be reported **every** month. The forms should be checked by the schools DSL prior to submission. Our Education Welfare Officer will provide any necessary support.

A child who is **missing from education** should be reported to the local authority using the revised CME Form 1.

A child between the ages of 5 and 16 is considered to be **missing from education** if:

1. They are not on the roll of a school and who are not receiving an education otherwise than being at school eg at home or in alternative provision
2. Or they are on a school roll but have not attended for a period of 20 consecutive school days (recorded as unauthorised absence) or the whereabouts of the family is unknown

For further information please view [Children missing education statutory guidance for Local Authorities](#), DfE September 2016.

NIL returns are required via an email to educationwelfare@northumberland.gov.uk

Helping children to keep themselves safe

We recognise that high self-esteem, confidence, supportive friends and good lines of communication with a trusted adult helps prevention. We will therefore raise awareness of child protection issues and equip children with the skills to keep them safe.

The school will therefore:

- establish and maintain an environment and positive ethos where children feel secure, supported and are encouraged to talk, are listened to, can learn, develop and feel valued;
- ensure children know that there are adults in the school whom they can approach if they are worried or in difficulty;
- include in the curriculum, activities and opportunities for PSHE which equip children with the skills they need to stay safe from abuse, develop resilience and that they know to whom to turn for help.

Throughout our curriculum we will provide activities and opportunities for children to develop the skills they need to identify risks and stay safe. This will also be extended to include material that will encourage our children to develop essential life skills.

The curriculum deals with safeguarding in two ways. Firstly, the curriculum, in subjects such as Personal, Social and Health Education discusses relevant issues with the children. Topics include such themes as Relationships and Stranger Danger. Children are encouraged to explore and discuss these issues.

Secondly, the curriculum is designed so that safety issues within the subject are discussed and safe practices taught, such as using equipment properly in PE and Design and Technology. At all times there has to be appropriate staffing levels. When the curriculum is taken out of school, the school uses the LA 'Evolve' risk assessment system; appropriate and agreed pupil/adult ratios are maintained. The lead adult always assesses visits as to the level of risk and completes a specific 'Events Specific Plan'. The Educational Visits co-ordinator, Kathy Davies, collates all of the necessary information before passing it on to the Headteacher to finally authorise the visit. Any overnight or more adventurous activities have to be approved by the LA.

Visiting speakers, with correct clearance are always welcome into school so that they can give specialist knowledge to the children.

Physical Intervention

Our policy on physical intervention by staff is set out in a separate document, is reviewed annually by the governing body, and is influenced by the DfE publication 'Use of reasonable force 2013'. We acknowledge that staff must only ever use physical intervention as a last resort, and that at all times it must be the minimal force necessary to prevent injury to another person.

We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.

Managing Allegations against Staff and Volunteers

Our aim is to provide a safe and supportive environment which secures the well-being and very best outcomes for the children at our school. We do recognise that sometimes the behaviour of adults may lead to an allegation of abuse being made.

Allegations sometimes arise from a differing understanding of the same event, but when they occur they are distressing and difficult for all concerned. We also recognise that many allegations are genuine and there are some adults who deliberately seek to harm or abuse children.

We will take all possible steps to safeguard our children and to ensure that the adults in our school are safe to work with children. We will always ensure that the procedures outlined in *Northumberland's Safeguarding Children Board Protocol: Allegations Against Persons who Work with Children* and Part 4 of *'Keeping Children Safe in Education'*, DfE (2019) are adhered to and will seek appropriate advice from the Local Authority.

If an allegation is made or information is received about an adult who works in our setting which indicates that they may be unsuitable to work with children, the member of staff receiving the information should inform the Headteacher immediately. Should an allegation be made against the Headteacher, this will be reported to the Chair of Governors. In the event, that neither the Headteacher nor Chair of Governors is contactable on that day, the information must be passed to and dealt with by either the member of staff acting as Headteacher or the Vice Chair of Governors.

The Headteacher or Chair of Governors will seek advice from the Designated Officer within one working day. No member of staff or the governing body will undertake further investigations before receiving advice from the DO.

Any member of staff or volunteer who does not feel confident to raise their concerns with the Headteacher or Chair of Governors should contact the DO directly.

The School has a legal duty to refer to the Disclosure and Barring Service anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the Designated Officer and/or HR.

Children with additional needs

We recognise that statistically children with behavioural difficulties and disabilities are vulnerable to abuse. School staff who deal with children with profound and multiple disabilities, cerebral palsy, sensory impairment and or emotional and behaviour difficulties are particularly sensitive to signs of abuse.

Relevant Policies

To underpin the values and ethos of our school and our intent to ensure that pupils at our school are appropriately safeguarded the following policies are also included under our safeguarding umbrella:

- Staff Code of Conduct/Handbook
- Volunteer Policy
- Child Protection
- Confidentiality
- Behaviour, including Anti-Bullying
- Equalities
- Whistle-blowing
- Whole School Attendance
- E-safety/Acceptable use of the Internet
- ICT Security
- Health and Safety
- Supporting Pupils with Medical Needs
- Intimate Care
- Educational Visits
- Concerns and Complaints

Standards for Effective Child Protection Practice in Schools

A school should measure its standards with regard to safeguarding against the expectations of the Ofsted framework for the inspection of schools (section 5) and the arrangements of the Local Safeguarding Children's Board (LSCB).

In best practice, schools:

1. operate safe recruitment practices including ensuring appropriate DBS and reference checks are undertaken according to DfE guidance on safer recruitment, including the maintenance of a single central register of all staff (including volunteers) with DBS numbers and training record;
2. have an ethos in which children feel secure, their viewpoints are valued, and they are encouraged to talk and are listened to;
3. provide suitable support and guidance so that pupils have a range of appropriate adults to whom they can turn if they are worried or in difficulties;

4. work with parents to build an understanding of the school's responsibility to ensure the welfare of all children and a recognition that this may occasionally require children to be referred to investigative agencies as a constructive and helpful measure;
5. are vigilant in cases of suspected child abuse, recognising the signs and indicators, have clear procedures whereby teachers report such cases to senior staff and are aware of local procedures so that information is effectively passed on to the relevant professionals;
6. monitor children who have been identified as at risk, keeping, *in a secure place*, clear records of pupils' progress, maintaining sound policies on confidentiality, providing information to other professionals, submitting reports to case conferences and attending case conferences;
7. provide and support child protection training regularly to school staff every three years and in particular to designated teachers every two years to ensure their skills and expertise are up to date;
8. contribute to an inter-agency approach to child protection by developing effective and supportive liaison with other agencies;
9. use the curriculum to raise pupils' awareness and build confidence so that pupils have a range of contacts and strategies to ensure their own protection and understand the importance of protecting others, taking into account sex and relationships guidance.
10. provide clear policy statements for parents, staff and children and young people on this and on both positive behaviour policies and the schools approach to bullying;
11. have a clear understanding of the various types of bullying - physical, verbal and indirect, and act promptly and firmly to combat it, making sure that pupils are aware of the schools position on this issue and who they can contact for support;

12. take particular care that pupils with additional needs in mainstream and special schools, who may be especially vulnerable to abuse, are supported effectively with particular attention paid to ensuring that those with communication difficulties are supported to express themselves to a member of staff with appropriate communicative skills;
13. have a clear policy about the handling of allegations of abuse by members of staff, ensuring that all staff are fully aware of the procedures and that they are followed correctly at all times.
14. have a written whole school policy, produced, owned and regularly reviewed by schools staff and which clearly outlines the school's position and positive action in respect of the aforementioned standards.

Appendix C

Frequently Asked Questions

What do I do if I hear or see something that worries me?

Tell the designated member of staff or head teacher.

If that is not possible, telephone Children's Services (Children's Social Care Locality Team) as quickly as possible. (In an emergency call 999 for the police)

What are my responsibilities for child protection?

To know the name of your designated member of staff for Child Protection and who to contact if they are not available

To respond appropriately to a child

To report to the Designated Person

To record your concerns - 'Don't do nothing'

Can I go to find someone else to listen?

No. You should never stop a child who is freely recalling significant events.

Can I promise to keep a secret?

No! The information becomes your responsibility to share in order to protect. As an adult, you have a duty of care towards a child or young person

Can I ask the child questions?

No! Nor can you make judgements or say anything about the alleged abuser; it may be construed as contriving responses.

*You **can** ask a child to repeat a statement.*

Do I need to write down what was said?

Yes, as soon as possible, exactly what was said. (Date and signature)

Dealing with indecent or potentially illegal images of children

Appendix F

Dealing with allegations against people who work with children

What is a Designated Officer (previously a LADO)?

The role of the DO was initially set out in the HM Government guidance Working Together to Safeguard Children 2010 and continues in Working Together 2015.

Appendix 5 outlines the procedures for managing allegations against people who work with children, for example, those in a position of trust.

The DO works within Children's Services and should be alerted to all cases in which it is alleged that a person who works with children has:

- behaved in a way that has harmed, or may have harmed, a child
- possibly committed a criminal offence against children, or related to a child
- behaved towards a child or children in a way that indicates s/he is unsuitable to work with children.

This role applies to paid, unpaid, volunteer, casual, agency and self-employed workers and all adults outside the school workforce. They capture concerns, allegations or offences; this can include concerns about their own personal life, e.g incidents of domestic violence or child protection concerns relating to their own family.

If there is an allegation against the Headteacher then concerns should be reported directly to the Chair of Governors and DO.

The DO is involved from the initial phase of the allegation through to the conclusion of the case. They will provide advice, guidance and help to determine whether the allegation sits within the scope of the procedures.

The DO co-ordinates information-sharing with the right people and will also monitor and track any investigation, with the aim to resolve it as quickly as possible - see flow chart below.

The DO for Northumberland is **Adam Hall**.

Adam can be contacted by email or telephone:

Adam.hall01@northumberland.gov.uk
01670 623979

Dealing with allegations against people who work with children

Appendix G

School Child Protection Files – a guide to good practice

Child protection file should include:

- Copy of referral form
- Minutes of strategy meetings
- Any written submission to a child protection conference / child protection plan review
- Minutes of child protection conference / child protection plan reviews
- Log of phone calls / contact with parent/carer and professionals

All safeguarding concerns raised with the DSL (whether or not they require referral to Children's Social Care) should be recorded. This should include any action taken by the member of staff raising the concern and also any action taken by the designated person (eg talking to child individually, contacting parents, taking advice from other professionals etc). These records should be kept, as with a child protection file, securely, separate to the child's main school file.

At the point of transfer to another school, child protection records should be transferred directly from DSL to DSL, separate to the child's main school file.

The main school file should have a 'flag' which shows that additional information is held by the DSL.
